Tuesday Se'nnight several Hundred Persons rose in a tumultuous Manner in Colchester, under Pretence of hopping Corn, Flower, &c. from being shipp'd off for other Parts: They stopp'd two Waggons loaded with Meal, and threatened to destroy them; upon which the Mayor was apply'd to, who endeavour'd to prevail on them to disperse, but to no Purpose, for their Number increased, when his Worship was obliged to get a Party of Dragoons to guard the said Waggons to the Hythe, where the Meal was shipp'd, and some of the Dragoons left there to guard the Vessel till she sailed; soon after which the Mob separated, the Proclamation against Riots being first read, and no Mischief was done.

On Tuesday last, the Sisters of St. Bartholomew's Hospital, to the Number of Seventeen, went, upon Invitation, to dine with Mr. Phillips one of the Surgeons of the said Hospital, at his Country-house at Blackheath. They were carried thither in Coaches; at some Distance from the House they alighted, and being dress'd in their Formalities with their Night-rails, &c. and walking in Pairs with the odd one to bring up the Rear, made a very decent Procession up to the Door. They were very plentifully and elegantly entertain'd at Dinner, the Gentleman himself waiting upon them. He oblig'd them to stay Supper; when they were likewise regal'd with Abundance of every thing in the nicest Manner. At Night they return'd in their Coaches to Town, all in good Order and high Spirits, extremely pleas'd with their Entertainment and highly sensible of the Honour done them.

A Fire likewise happen'd in Little Queen-street by Lincoln's-Inn Fields, much about the same Time, but was soon extinguish'd, without doing much Damage except to the Kitchen where it began.

By Mr. OLDYS.

Also his Trial, with some Additions; together with a List of Authors cited by him, and a new and more copious Index to the whole Work.

Sir Walter Raleigh's History of the World *is a Work of so vast a Compass, such endless Variety, that no Genius, but one adventurous as his own, durst have undertaken that great Design. I do not apprehend any great Difficulty in collecting and common-placing* an Universal History *from the whole Body of Historians; that is nothing but mechanic Labour. But to digest the several Authors in his Mind, to take in all their Majesty, Strength, and Beauty, to raise the Spirit of meaner Historians, and to equal all the Excellencies of the best, is* Sir Walter's *peculiar Praise. His Style is the most perfect, the happiest, and most beautiful of the Age he wrote in, majestic, clear and manly; and he appears every-where so superior, rather than unequal to his Subject, that the Spirit of* Rome *and* Athens *seems to be breathed into his Work.*

Henry Felton, *D. D.* in his Dissertation on the Classics, *p.* 216.

The so-much Fam'd HYPO-DROPS.

WHich in a few Days infallibly cures Hypochondriack Melancholy in Men, and Vapours in Women, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual; and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Train of Symptoms, by which they mimick, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, as Belchings, Cholick, Uneasiness in the Bowels, and ill Fumes which offend the Nerves, and, by Consent of Parts, affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troubled Sleep, Frights, groundless Fears, and the deepest Melancholy with direful Views and terrible Apprehensions; at other times, Fits, Flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, Palpitation of the Heart, Startings, Tremblings, and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering Pain and Weakness in the Back, and other, almost innumerable and grievous, Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms, in their sharpest Paroxysms, this much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, restoring the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and chearful Spirits, regular Circulation of all the Fluids, and Strength of Nerves, so that both Cause and Effects of Melancholy and Vapours are thoroughly removed by them, almost on the Spot, as many Thousands of both Sexes they have perfectly convince.

Whoever takes them for 3 Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops which are to be had only at Mrs. Holt's, at the Crown and Star in Cornhill, near Stocks-Market, at 3 s. 6 d. a Bottle with Directions.

An Infallible Remedy

For Broken-Winded HORSES,

WHich has been published and sold many Years before any Counterfeits in other Forms appeared; and highly commended from one Person to another. The vast Quantities that have been sold also verify its Efficacy and Virtues, for it most perfectly cures them, after all others Means have been ineffectual, to a Wonder, in a small time, without Confinement; by attenuating and opening the Globules of the Lungs dried up, and all the Passages obstructed by Humours dripping thereon, occasion'd by hard Riding, Colds, &c. causes presently a free Perspiration, renewing its Force, Vigour and Length again, as well as ever.

It immediately cures those Horses only a little touch'd in their Wind, as also all continued Coughs, Colds, Wheezings, &c. being excellent in preventing many other Diseases incident unto them, by maintaining, preserving, and continuing a good Breath.

And in a word, by this very Medicine alone, many Horses have been made so perfectly sound, that they have been sold and valued from 10 to 30 or 40 Pounds, which by reason Broken-winded, could not before be sold for 3 or 4 Pounds.

It is sold at Mr. Sandwell's Toy-Shop at the Griffin Corner of Buckler's-Bury in the Poultry, at 4 s. 6 d. the Bottle, with Directions for taking it; and no where else in England.
